Worship You Forever

You are my hiding place
Lord, you are my escape
And i want to sing you praise
Forever

You are my refuge
The shelter i run into
And i will worship you

Forever
Forever
Worship you
Forever

Now i am safe at rest
Now i have no regrets
Great is your faithfulness
Forever

I'm finally secure
I have a hope that's sure
Because your love endures
Forever
Forever
Your love endures
Forever

And when the song is done
My heart will still be singing
The wonder of the beauty of your face

And when my strength is gone
I will keep on believing
You will provide
Sufficient grace

Forever
Forever
Forever

Forever
And ever
And ever
Worship you

Forever
And ever
And ever
Your love endures

Forever
Worship you
Forever
